Interpretation annual average climate values

T	Average annual temperature
TM	Annual average maximum temperature
Tm	Average annual minimum temperature
PP	Rain or snow precipitation total annual
V	Annual average wind speed
RA	Number of days with rain
SN	Number of days with snow
TS	Number of days with storm
FG	Number of foggy days
TN	Number of days with tornado
GR	Number of days with hail

If the table appear fields without values with the symbol (-) this only indicates that has not been performed average, this happens if there is no sufficient data to compute.
